Chairman's Corner

Happy New Year to all. As we look to the new year trying to figure how to get more done with less, finding time we don't have achieving our goals, and wondering why we all didn't become dentists or bankers, we can take some joy knowing we are doing something we like to do.

Yes, another year of challenges, but you are not out there alone! You are part of the SBE family where we share similar issues and challenges. SBE is here to support engineers in training and certification and provide a fellowship of others in the industry. When we meet together over a meal, we are able to share and receive ideas from colleagues and have a good time doing it.

I would like to invite everyone to our next meeting and bring someone that is in the industry to join our fellowship. We will be meeting at Golden Corral in Town Square Plaza January 11 at 11:30 for lunch. Ernie Vincent of SCMS will be bringing us the program.

See you there!

Paxton
